In all cases **We** will make sure that **Your** information is adequately protected. Whenever **We** transfer **Your** personal information out of the United Kingdom **We** will ensure a similar degree of protection is afforded to it by making sure that adequate safeguards are implemented, including transferring the data to a country that has been deemed to provide an adequate level of protection for personal data, or ensuring the transfer is subject to the standard contractual clauses approved by the European Commission or other contracts or mechanisms which provide equivalent protection.

HOW WE USE AND DISCLOSE YOUR PERSONAL INFORMATION

To assess the terms of **Your** insurance contract, or to deal with any claims, **We** may need to share information like **Your** name, address, date of birth and details such as medical conditions or criminal convictions. The recipients of this information could include (but are not limited to) credit reference agencies, anti-fraud databases, other insurers, underwriters and other group companies who provide administration or support services. For claims handling, the recipients could include (but are not limited to) external claims handlers, loss adjusters, courts, legal and other expert advisers, and third parties who are involved in the claim. More information about these disclosures is set out below.

We purchase reinsurance to protect against the most significant claims made against motor insurance policies issued. Should such a claim arise under **Your** insurance contract, **We** may disclose to **Our** reinsurance broker and reinsurers, the details of the claim, including all personal and special category data related to the claim. That disclosure is necessary for the management of any reinsurance claim made by **Us** and this practice of spreading risk is standard practice in the insurance market.

The Data Protection laws classify information about **Your** medical conditions, disabilities and criminal convictions as 'special category' personal data which warrants extra protection. We will only share this kind of personal data where it is essential to administer **Your** insurance contract or deal with any claims, or for anti-fraud purposes and will only be used in accordance with appropriate laws and regulations.

Most of the personal information **You** provide to **Us** is needed for **Us** to assess **Your** request for insurance, to enter into the insurance contract with **You** and then to administer that contract. Some of the information is collected for fraud prevention purposes, as described below. If **We** need **Your** consent to use any specific information, **We** will make that clear at the time **We** collect the information from **You**. You are free to withhold **Your** consent or withdraw it at any time, but if **You** do so it may impact upon **Our** ability to provide insurance or pay claims. Further details about the legal basis for **Our** processing of personal information, and the disclosure **We** may make, can be found on **Our** website: www.ers.com/policy-pages/privacy-policy

ACCEPTING AND ADMINISTERING YOUR POLICY

If **You** pay **Your** premiums via a credit facility, **We** may share **Your** information with credit reference agencies and other companies for use in credit decisions, to prevent fraud and to find people who owe money. We share information with other insurers, certain government organisations and other authorised organisations.

INSURANCE UNDERWRITING

We look at the possible risk in relation to **Your** prospective policy (or anyone else involved in the policy) so that **We** can:

- Consider whether to accept a risk
- Make decisions about providing and dealing with insurance and other related services for **You** and members of **Your** household
- Set price levels for **Your** policy
- Confirm **Your** identity to prevent money laundering
- Check the claims history for **You** or any person or property likely to be involved in the policy or a claim at any time. We may do this:
 - o When **You** apply for insurance
 - o If there is an accident or a claim or
 - o At the time **You** renew **Your** policy

PROFILING

When calculating insurance premiums, **We** may compare **Your** personal details against industry averages in accordance with applicable laws and regulations. Your personal information may also be used to create the industry averages going forwards. This is known as profiling and is used to ensure premiums reflect risk. Profiling may also be used to assess the information **You** provide so **We** can understand risk patterns.

Special categories of personal data may be used for profiling where this is relevant, such as medical history or past motoring convictions (including motoring offences).

We may also make some decisions (for example about whether to offer cover or what the premiums will be) without any intervention by **Our** staff. These are known as automated decisions. You can find out more about how **We** make these decisions on **Our** website: www.ers.com/policy-pages/privacy-policy. See also “Your Rights” below.

MOTOR INSURANCE DATABASE (MID)

Information about **Your** insurance policy will be added to the Motor Insurance Database (MID) which is managed by the Motor Insurers' Bureau (MIB). Certain government or authorised organisations including the Police, DVLA, DVLN, Insurance Fraud Bureau and other organisations allowed by law may use the MID and the information stored on it for purposes including:

- Continuous Insurance Enforcement (**You** can get information about this from the Department of Transport)
- Electronic vehicle licensing
- Law enforcement for the purposes of preventing, detecting, catching or prosecuting offenders and
- Providing government services or other services aimed at reducing the level of uninsured driving

If **You** are involved in a road-traffic accident (either in the UK, the EEA or certain other territories), insurers or the MIB (or both) may search the MID to gather relevant information. Anyone making a claim for a road-traffic accident (including their appointed representatives and citizens of other countries) may also gather relevant information which is held on the MID.

It is vital that the MID holds **Your** correct registration number. If it is not shown correctly on the MID, **You** are at risk of having **Your** vehicle seized by the police. You can check that **Your** correct registration number details are shown on the MID at askmid.com.

MANAGING CLAIMS

If **You** make a claim, **We** may need to release information to another person or organisation involved in that claim. This includes, but is not restricted to, **Your** broker, **Your** legal representative, others involved in the incident, their insurer, their solicitor or representative and medical teams, authorised repairers, the police or other investigators. We also may have to investigate **Your** claim and conviction history. This may involve external claims handlers, loss adjusters, legal and other expert advisers.

Under the conditions of **Your** policy, **You** must tell **Us** about any incident (such as an accident or theft) which may or may not result in a claim. When **You** tell **Us** about an incident, **We** will pass information relating to it to Insurance Database Services Limited (IDSL).

CALL RECORDING

You should note that some telephone calls may be recorded or monitored, for example calls to or from **Our** claims department, customer services team or underwriting department. Call recording and monitoring may be carried out for the following purposes:

- Training and quality control
- As evidence of conversations
- For the prevention or detection of crime (e.g., fraudulent claims)

PREVENTING OR DETECTING FRAUD

We will check **Your** information against a range of registers and databases for completeness and accuracy. We may also conduct searches of publicly available sources of information including social media to verify claims and detect and prosecute fraud. We may share **Your** information with law enforcement agencies, legal advisers, investigators, other organisations and public bodies.

If **We** find that false or inaccurate information has been given to **Us**, or **We** suspect fraud, **We** will take appropriate action. If fraud is identified, details will be passed to fraud prevention agencies including the Claims Underwriting Exchange Register and the Motor Insurance Anti-Fraud and Theft Register run by Insurance Database Services Limited (IDSL). Law enforcement agencies may access and use this information.

We and other organisations, including those from other countries, may also access and use this information to prevent fraud and money laundering, for example, when:

- Checking details on applications for credit and credit related or other facilities
- Managing credit and credit related accounts or facilities
- Recovering debt
- Checking details on proposals and claims for all types of insurance
- Checking details of job applicants and employees

In particular, **We** will retain **Your** information for as long as there is any possibility that either **You** or **We** may wish to bring a legal claim under or relating to **Your** insurance, or where **We** are required to keep **Your** information for legal or regulatory purposes.

You have rights under the Data Protection laws including the right to access the information **We** hold about **You** (subject to any legal restrictions that may apply), to have the information corrected if it is inaccurate, and to have it updated if it is incomplete.
